## WHAT IS IN THE PACK

**HOW TO INSTALL**

If mixer is being installed on a vitreous china bench top, apply silicone sealant to the base ring to ensure a water-tight seal on the uneven surface.

<p>1. Remove preassembled spout from box. Unscrew and remove base plate from brass mounting disc.</p>	<p>2. Loosen grub screw and remove 15mm BSP fitting.</p>	<p>3. Install wingback and male 15mm BSP. The male 15mm BSP should be 10-20mm above finished floor lining.</p>
<p>4A. Fit bath filler onto the 15mm BSP fitting. 4B. Align the bath filler to preferred position and retighten grub screw to fit in place.</p>	<p>5. Fix brass mounting disc to floor with supplied screws. For concrete install use floor anchors as well.</p>	<p>6. Refit and screw base plate onto the brass mounting disc</p>
